

I am a former elected representative of the Republican Party of Bexar County Texas that began expressing disapproval of Donald Trump's policies and initiatives.

Since that time, my home has become surrounded by a very oppressive illegal spying operation that is acting out real-time oppression over my life to 'contain' my opinions from public view.

I am contacting every agency and representative that I can in order to notify members of the government that Donald Trump's team is actively attempting to confine people inside of illegal bubbles of oppression using a full-spectrum spying program that surrounds a person's home with drive-by commentary and agitations to immediately respond to any and all actions that a person takes to free themselves from this illegal form of containment and oppression.

Donald Trump is a convicted felon that was convicted of lying to the government regarding payments that he made in a "Catch and Kill" scheme to oppress and contain the story of a prostitute that he paid for sexual intercourse.

I am writing to inform you that Donald Trump is using similar methods to Catch and Kill my own story as well. I was once a loyal supporter of Trump policies until he began to speak about "Quick Trial" "Death Penalties" - which was a topic that I fully disagreed with at the time and still do today.

At that moment, our life become the subject of an ongoing and continuous assault against the peace and security of our daily life. We are being held inside of 24/7 non-stop illegal surveillance that is interacting with our life to cause us discomfort, agitation, and general discontentment at all times while Donald Trump carries on with his agenda in government.

We are being threatened. A man with a gun did threaten me in my front yard. I reported this incident to the police. A very loud vehicle is signaling outside of my home now that this communication is being monitored by this spying force at this very moment.

Please investigate Donald Trump and his team of co-conspirators. I am prepared to testify in court that Donald Trump is committing felonious activities against my home as a means of preventing me from filing federal lawsuits against him.

You are in the position of government to help citizens like me and we, truly, need you to step up, accept the responsibility, and hold the felon-president accountable for his ongoing crime-spree.

Thank you for your attention to this extremely important matter.

Kindest regards,

Chris Noel Carlin

HELLO! THANK YOU
FOR REACHING OUT
TO OUR OFFICE.
TED

These are all of the human beings that supposedly represent my interests in the government.

Donald Trump began spying on my home because he is afraid of my voice and my opinions.

Donald Trump is still harassing my home because he is afraid of my voice and my opinions.

Apparently, one man with the truth is enough to cause an entire country's worth of representatives to freeze in their boots.

Thanks for nothing, 'Reps'.

And Donald, you are a coward. A true lying sack of shit that is desperately trying to cover up who he really is in life.

Seriously, look at what you are doing to hide your truth. How sick and disgusting are you? Worse than we will ever know, I'm sure.

Ladies and gentleman of the world: The American government is captured by criminals. Those criminals are raping children (and murdering, obviously) and they are proud of their power over the goodness and truth that you seek in your life.

It is a proven fact that one person can destroy the world and every single person on this planet helped him to do it.

I would prefer to not discuss this any further. There is nothing else left to show. America is fake.
